

SUSTAINABLE TOURISM DIALOGUE

Sustainable tourism is about ensuring a long-term future for African tourism based on partnership and community benefit. It's time for the tourism industry and government to achieve a unity of vision and purpose. The Tourism Seminar assembles some of the industry's leading experts and influencers, looking at how sustainability can drive tourism and hospitality through the promotion of responsible tourism, job creation and sustainable property development. Also in focus: sustainable operations, taking into account consumer needs, the development of authentic experiences, and effective marketing.
